Thanks, Dan. I was hoping by asking for the documents from the repository that it would spare you some effort. ☺ Not so, I see. I actually want the December 2012 groundwater monitoring report appendices so that I can look for the VC information for our fact sheet.

Aire,

Superfund received a phone request this morning from Terri Boguski (913) 780-3328, who works for Skel Solutions (EPA Contractor) with the following request for Westlake Landfill – 0714/ OU1

A copy if the Appendices to "Groundwater Monitoring Report for 2012 Additional Groundwater Sampling Event" dated 12/14/2012. Since the Appendices are on CD only, she has requested an electronic copy, if possible.

Since I was unsure who the RPM was on this, I am forwarding her request to you. She was told someone would follow-up with her via phone.

Thank you,

Cheryl
